LOYOLA UNIVERSITY NEW ORLEANS

ASSISTANT VICE PRESIDENT FOR ADMINISTRATION
Paul C. Fleming

April 11,2007

To whom it may concern:

Over the past few years, we have had a very good working relationship with Juneau Odenwald roofers. They had successfully completed a number of large and small jobs for us in the past, so naturally we turned to them immediately after Katrina struck. Their response has been exemplary, and we had repairs well underway in a very short period of time.

For service, quality of work, and price, I would not hesitate to recommend this company.

Sincerely,

[redacted]tration

Troy Odenwald of Juneau Odenwald, Inc, with Fr. Edwin Gros, S.J., Pastor of Holy Name

We at Holy Name could not be happier with the outstanding job completed by Juneau Odenwald, Inc. Almost immediately after the storm, they replaced the large pitched roof of the Church with composite slate leaving the church with the best roof it has ever had in its almost 100 year history! Then, they took the lateral flat roofs over the side aisles (roofs that had been over poured with creosote so many times that they resembled the Santa Monica tar pits) and replaced them with a tough, clean roofing material guaranteed for 20 years. These flat roofs used to be like swimming pools after major rains. Now, with properly installed crickets and beautifully restored downspouts and flashing, the roofs drain completely after thunderstorms and there is no hint of a leak anywhere! The people from Juneau Odenwald are our roofers of choice here at Loyola. They are faithful to their word and their promises. They really do set a high business standard which needs to be emulated by others.

A grateful Pastor,

Fr. Edwin L. Gros, SJ
Pastor of Holy Name of Jesus Church

To Whom This May Concern,

As President of US Restoration, LLC and being in the Remediation, Emergency Services, and both Re-construction and New construction for over 34 years, I cannot express enough how excellent Juneau Odenwald Inc & Crescent City Copper has performed on our projects.

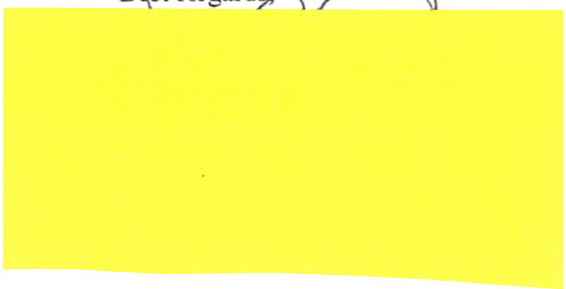

US Restoration performs Emergency Restoration projects both locally and across the country. There have been many occasions where USR has needed the services of Juneau Odenwald to perform temporary roof repairs (water tight structures) under demanding schedules. During these times of catastrophic events it is imperative that USR has a "Plan of Action" in place and implemented in a timely fashion and it always starts with the roofing needs.

Because of the immediate response we receive from Juneau Odenwald during Emergency Request, it makes our job much easier when proposing re-construction to both the Insured and Insurance Carrier when they see in our proposal that Juneau Odenwald is our roofing contractor for repairs and/or replacement.

At USR our success can only be appreciated and recognized by precise organizational skills, quality workmanship, meeting or decreasing deadlines and having our customers 100% satisfied before, during and after our work. I can honestly say that Juneau Odenwald plays a very important role in allowing us to achieve these goals.

In closing, I would without hesitation recommend Juneau Odenwald to anyone needing a roofing contractor. I welcome a phone call to anyone on my cell phone (504-504-416-5444) anytime if you would like to know more about the quality and efficient services Juneau Odenwald has provided our company

Best Regards,

Jesuit

Dear Sir or Madam,

I am writing this letter in recommendation of Juneau Odenwald as a roofing contractor. I have had the pleasure of working with Juneau Odenwald on roofing work at our campus and recently on the re-roof of the residence hall for the Jesuit Community. I can recommend them highly and without reservation. Roofing is a difficult trade, but Wayne Juneau and Troy Odenwald are consummate professionals. Our job was done with care and precision and provided Jesuit with an excellent finished product. In addition, Juneau maintained an extremely clean and tidy workplace throughout the project. Juneau is a good and safe choice for anyone needing roof replacement or roof repair.

Mr. Wayne Juneua,
I just wanted to drop a note thanking you and your company for the great service you provided on my rental property. Your quick response enabled my tenants to resume a semi normal life after a hurricane Ivan. All of your employees were very nice and a pleasure to speak with. In a day and age when good service is hard to find your company exceeded all expectations. I have nothing but the highest of praise for Sean and his crew. Thanks again.

V/R

Andrew T Jones

P.S. You're a great American
